Would you like to Sponsor K-State's HSPC?

High School Programming Contest

The High School Programming Contest at K-State is a tradition that has been going on for nearly 30 years. Each year students from high schools in Kansas and surrounding states travel to the Little Apple to compete for programming supremacy in this all-day event. K-State is proud to host an event widely known to support the future generation of computer scientists.

Why Sponsor?

The High School Programming Contest at K-State attract 200 high school students, more than 30 high school staff members, and over fifty volunteers from the Department of Computer Science. This is a great opportunity to market your brand to a wide audience of various demographics while supporting computer science education.

Donate to the High School Programming Contest
